Command your space. Own your journey.

True luxury isn't just about where you are going; it's about how much room you have to enjoy the experience. The Teramont is engineered for those who demand more—more presence, more capability, and more uncompromised space.

Designed to seamlessly balance the sophisticated demands of executive city life with the rugged, unpredictable journeys of weekend escapes. Bold, powerful, and remarkably spacious, the Teramont ensures that no matter where you travel, you have already arrived.

An unmistakable statement of leadership

The Teramont does not wait to be noticed; its presence is immediate. It arrives with striking new front and rear styling, highlighted by a majestic chrome grille and an eye-catching LED light strip design that flows seamlessly into the dynamic headlamps. Its athletic, wide stance commands the road, while crisp, muscular shoulder lines flow effortlessly to the rear, framed by an elegant panoramic sunroof that lets the African sky pour in.

Inside, modern roominess is redefined. Boasting premium leather upholstery, bright decorative trims, and power-adjustable front seats featuring a relaxing massage function, it offers a genuine three-row sanctuary. With 583L of luggage space that expands to an incredible 2,741L with the rear seats folded, it effortlessly accommodates your family, your gear, and your ambitions with room to spare.

Effortless power. Unshakable control.

Beneath the sculpted hood lies a powerhouse engineered for ultimate composure on any journey. Equipped with a refined 2.0 TSI engine delivering a mighty 201 kW of power and 370 Nm of torque, the Teramont is built to perform.

Paired with a smooth 8-speed automatic transmission and intelligent 4MOTION four-wheel drive, it conquers diverse terrains with equal and effortless grace. Big, bold, and better than ever—power has never felt this composed.

Your digital command centre.

Step into an intuitive, high-tech sanctuary. The Teramont features an upgraded cabin experience, centred around a brand-new 12-inch touchscreen infotainment display and a customizable Digital Cockpit Pro. For ultimate convenience, key driving data is projected directly onto your windshield via the New Windshield Head-up Display, keeping your focus firmly on the road ahead.

Stay seamlessly connected with wireless App-Connect (for Apple CarPlay and Android Auto) and fast-charging USB-C ports alongside a wireless inductive charging pad. For acoustic luxury, the premium Harman Kardon digital sound package fills the whisper-quiet, insulated cabin with rich, concert-hall audio through a dedicated subwoofer and centre speaker.

Peace of mind comes standard with IQ.DRIVE safety technology. Drive with absolute confidence thanks to Travel Assist, Adaptive Cruise Control, Blind Spot Monitoring, Rear Cross Traffic Alert, and Front Assist with Pedestrian and Cyclist Monitoring—intelligent systems designed to keep you and your family safe.

Wheels & Rims

**20" Atlanta Alloy Wheel
